1. New project lead and committer at openPASS

Arun has been successfully approved as an additional project lead. Moreover, it was recommended by the Eclipse Foundation to nominate Arun as a committer because a project lead without a committer status makes less sense.

David Weiß and Stephen Ryan has been successfully approved as new committers.

2. Renaming

As part of the renaming process following sites were updated:

GitLab:
https://gitlab.eclipse.org/eclipse/simopenpass -->
https://gitlab.eclipse.org/eclipse/openpass

Documentation:
https://www.eclipse.org/simopenpass/content/html/index.html -->
https://www.eclipse.org/openpass/content/html/index.html

Git server (where documentation is hosted):
https://git.eclipse.org/c/www.eclipse.org/simopenpass.git/ -->
https://git.eclipse.org/c/www.eclipse.org/openpass.git/

Eclipse project page:
https://projects.eclipse.org/projects/automotive.simopenpass -->
https://projects.eclipse.org/projects/automotive.openpass

The CI is currently disabled. After the CI will be set up by the EF. BMW will configure the CI instance. Please have a look into the ticket:
https://gitlab.eclipse.org/eclipsefdn/emo-team/emo/-/issues/421

The simopenpass-dev mailing list is being deleted and a new mailing list openpass-dev is being created. Before deleting the old mailing list a notification will be send around.

3. Webpage

The openPASS webpage is being hosted in GitLab:
https://gitlab.eclipse.org/eclipsefdn/it/websites/openpass.eclipse.org

Eclipse is implementing the [proposed webpage](#) around Q2/Q3 2023. To bridge the time the WG will refactor the content and check for any outdated content. Tuan will coordinate the restructuring.
