openMDM SC Call 15.03.2022

Attendees:

- Michael Plagge
- Hans-Jörg Kremer
- Stefan Wartini
- Gert Sablon
- Angelika Wittek
- Ulrich Bleicher
- Hans-Dirk Walter

Guests

- Fabian Bayerlein
- Guido Schneider
- Johannes Aicher

Topics

Contracts 2022 / Offers for PM, Repo Maintenance

Contracts 2022: Proposed contracts have been submitted to the Eclipse Foundation which are in line with the proposed budget for 2022. As we have worked with both Angelika Wittek and Peak Solution previously, the Eclipse Foundation has no issue to continue unless there are any objections. Hearing no objections, the Eclipse Foundation will move forward to create required service contracts.

Status Dev: Release Notes from Dev Branch / Release Issues

- Release Notes from Dev Branch / Release Issues:
  - https://projects.eclipse.org/projects/automotive.mdmbl/releases/5.2.0/bugs
  - https://git.eclipse.org/r/plugins/gitiles/mdmbl/org.eclipse.mdm/+/refs/heads/dev/release_notes.md
- Publication of openMDM base model

Status initiatives

- ASAM companion standard: Michael will continue to schedule a meeting between ASAM, Eclipse, and the openMDM working group.
- openMDM Summit: 24.05.2022 - title, abstract for talks to be delivered until April 1st, next step: create invitations by Angelika and Hans-Jörg

Next SC-Meeting 27.04.2022 15:00
